OUR COLORES

Miami's new colors are: Caliente Red, Miami Blue, Midnight Black, and Slate Grey. Our Colores can be seen throughout the culture of Miami, on the vibrant streets and metropolitan landscape of South Florida, and are representative of the shades of colors found in the large variety of cultural flags flown throughout the community's many neighborhoods. The logo and colors aim to capture the rich baseball history, diversity, and energy of the area. The pairing of Miami Blue and Caliente Red pop off of the base color of Midnight Black, energizing the script and giving the logo an electric and vibrant look – emblematic of the Miami energy and nightlife.

The styling of the modern script "M" and curved tapered font is a classic approach influenced by the typography commonly found among the Latin-American culture. The look has as much to do with the infusion of the local Hispanic culture as it does with the history of baseball in Miami as the font style and accent colors are a throwback to the Miami Marlins and the Havana Sugar Kings of the 1950s.

The primary logo features a marlin drawn to be much more athletic and powerful. It has an upward body position to capture its strength, speed, and legendary fighting spirit.

MARLINS PARK

Marlins Park, a state-of-the-art retractable roof ballpark located in the heart of Miami and in 2012, is the home of the Miami Marlins. The ballpark, which is fewer than two miles from downtown Miami, is a go-to destination for a first-class entertainment experience and features unobstructed views of Miami's skyline made possible by six operable glass panels and has a capacity of 37,446.

The ballpark replaced the legacy of the memorable Orange Bowl in Little Havana, continuing a legendary 77-year history of football, baseball, soccer, public events and major concerts attended by tens of millions of fans. Situated on the same footprint, the home of the Marlins is constructed on approximately 17 acres of the historic 42-acre site.

Miami-Dade County owns Marlins Park and the City of Miami owns the four adjacent parking garages. The Miami Marlins, however, are responsible for maintaining and operating the ballpark.

A VENUE LIKE NO OTHER

From intimate private parties and board meetings to large-scale corporate events, concerts, Marlins Park offers a variety of event spaces to suit any occasion inside and outside the ballpark. The left-field skyline wall is a feature unlike any other in Major League Baseball. Six (6) glass panels, towering at 60' tall by 40' wide, open to create a breathtaking view of downtown Miami's spectacular skyline. Hosts can take their event behind-the-scenes using one of the clubhouses, batting cages or press conference rooms.

SIT CLOSER THAN EVER

Rarely have the words 'ballpark' and 'intimacy' blended so well together. Seats at Marlins Park are among the closest to the playing field in all of baseball. Every seat has been placed with only one thing in mind - to provide guests with the ultimate fan experience. You will always be comfortable, cool and close to all the action and excitement. Under the new configuration in 2019, the netting will be 30 feet high at the ends of each dugout, and taper down each foul line to the ends of Section 3 in right field, and FL11 in left field. The state-of-the-art netting is 30 percent thinner than traditional netting, utilizing Dyneema fiber with a knotless "Ultra Cross" intersection supplied by Promats Athletics. It not only provides fans protection, but also is designed to blend into the playing surface.

To enhance the game experience, portions of the netting will be adjustable, providing access points that allow fans to get autographs and interact with the players and coaches before each game. The access points will be located along the entire length of both dugouts, plus four areas down the first-base line and three down the third-base line. This is the second straight offseason in which safety netting was extended at Marlins Park. Prior to 2018, it was expanded to the ends of each dugout, which also surpassed MLB guidelines.

"GREEN" BALLPARK

Marlins Park is the first retractable-roof LEED Gold Certified facility in the world. The ballpark's environmentally friendly design incorporates conservation, sustainability and energy efficiency. During construction, the Miami Marlins recycled more than 98% of the construction waste and engaged in pollution prevention plans. The design of the ballpark and the materials selected help promote conservation, pollution prevention as well as water reduction and energy efficiency. The Marlins also engaged in an indoor air quality plan to ensure the comfort and well-being of all fans.

INVESTMENT IN FAN EXPERIENCE

With a focus on elevating the fan experience and an investment in the cost of the fan experience, the Miami Marlins turned Marlins Park this offseason into a go-to destination for a first-class experience. The offseason projects began with the transformation of The Club presented by DEX Imaging, and was followed by the creation of two social space concepts, the Center Field Zone and the The Social presented by Estrella Jalisco. The Marlins then developed a re-imagined food and beverage experience for guests at Marlins Park. In addition to new food partners, all of whom have great Miami stories, on the re-concepted Promenade Level, the Marlins launched a new 3o5 Menu, which is a food and beverage value menu that offers eight core ballpark favorites at an introductory price of $3 or $5. The final ingredient was the addition of El Mercadito presented by Pepsi, a grab-and-go market offering fans fresh and healthy food options for all Marlins home games.

THE CLUB PRESENTED BY DEX IMAGING

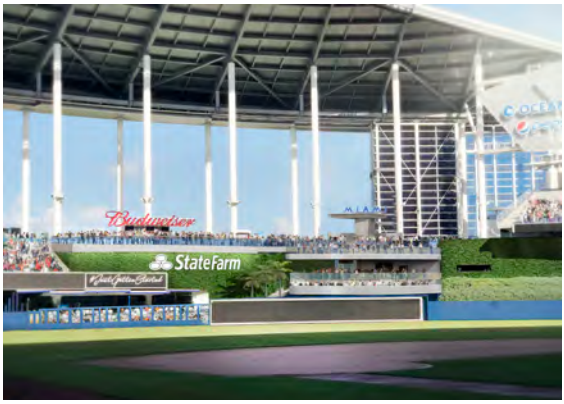
The premium standard has been reset by the Miami Marlins with ***The Club presented by DEX Imaging***. The premium space at Marlins Park received a transformation into a first-class lounge experience that speaks to those seeking a uniquely refined Miami vibe. With a re-imagined food and beverage experience, ***The Club presented by DEX Imaging*** features an elevated casual concept with DJ music and a variety of food and drink options, which extends to and enhances the in-seat experience. A versatile space for guests to dine or socialize aims to be the hot spot for Marlins games and events at Marlins Park. The interior design delivers a fresh Miami look, as designed by local Miami firm, Edge of Architecture.

The Club presented by DEX Imaging features more than a 20 percent increase in club function space as well as a redesigned entrance to welcome guests, a new stylish bar serving craft cocktails and featured beverages, and a new corridor to the club's premium seats behind home plate – which will transform and elevate the path from club to seat. The contemporary club atmosphere includes a live DJ setting an event appropriate vibe and a variety of in-club seating for dining and socializing. Fans can enjoy in-club views of the Marlins batting cages, while sampling drinks and passed small bites prior to first pitch and interacting with featured chefs during live in-club cooking demonstrations.

NEW SOCIAL AREAS

The on-going transformation of Marlins Park into a first-class entertainment experience continued in the offseason with the addition of two social space concepts, **Center Field Zone** and **The Social presented by Estrella Jalisco**. These ballpark enhancements offer fans new vantage points and unique viewing experiences at Marlins home games. Both areas, which were designed by MSA Sport – a national sports architecture firm, feature standing room only (SRO) space which enhances the ability to flow freely between locations for varied perspectives of the field and game action. A new low-priced ticket product, the Estrella Jalisco Party Pass, will provide holders with priority access to both new locations and viewing experiences.

The Center Field Zone is a tiered viewing platform structure with three primary levels. The top level is accessible to all fans from the Promenade Level and features a craft cocktail bar experience; the middle level serves as an exclusive standing view platform with drink rail for SRO Social Pass holders; and the lower level serves as an exclusive group hospitality space.



Redevelopment of this area at Marlins Park provides improved sightlines from the concourse to the field and back to the cityscape in the exterior through the Skyline Terrace. The re-imagined in-bowl visual experience is surrounded by a redesigned batter's eye with a lush, ivy-look that transitions to the State Farm signage on the left field façade.

With more than 2,250 total square feet of space across the three levels, the Center Field Zone is ideal for group outings and functions. The lower level of the Center Field Zone overlooks the center field wall, bringing fans closer to the action.

SRO Social Section, with a spectator capacity of more than 200, is located in the foul territory corner of right field, composed of the former 10 rows of Sections 1-3 closest to the Promenade Level concourse. The section will provide an exclusive access gathering spot for SRO Social Pass holders with a redesigned in-section view of the game from five tiered drink rails.

RE-IMAGINED FOOD AND BEVERAGE EXPERIENCE

In an ongoing effort to enhance the fan experience at Marlins Park during the offseason, the Miami Marlins re-imagined the food and beverage experience and re-concepted all concessions on the Promendade Level. The ballpark features an open 360-degree Promenade Level, giving fans a live view of the playing field no matter where they are. Levy is the official hospitality partner of the Marlins, welcoming each fan with world-class food and heartfelt hospitality.

The Marlins first introduced the 3 o 5 Menu – a new food and beverage menu option for all Marlins home games. The 3 o 5 Menu features eight core ballpark favorites at a new introductory price of either $3 or $5. Larger value-sized options such as bottomless popcorn and soda will also be available for select items featured on the 3 o 5 Menu. The 3 o 5 Menu will be featured at concession stand locations at Section 13 and Section 37 on the Promenade Level, two of the largest concession areas at Marlins Park, providing convenient access to all guests. Marlins Member purchases of 3 o 5 Menu items will be eligible for their exclusive Member Benefit savings rate on food and beverage, and retail purchases at Marlins Park, allowing for up to an additional 25 percent savings based on membership level.

The Marlins also added new food partners to deliver an authentic Miami experience. The new partners, all of whom have great Miami stories and connections to the community, are Miami's Best Pizza, PINCHO, Novecento, SuViche and two concepts by Jose Andres' ThinkFoodGroup - Butterfly Tacos y Tortas and La Pepa. In 2019, Marlins Park will serve as the exclusive South Florida professional sports venue to host La Pepa, Butterfly Tacos y Tortas, Novecento and Miami's Best Pizza. The ballpark will also showcase unique menu items and activations via new partnerships with PINCHO and SuViche. The diverse array of concepts and concessions are reflective of the ever-evolving South Florida community.

The five new partner brand concession locations for 2019 are part of a full re-concept and reposition of the Promenade Level food and beverage experience by the Marlins and hospitality partner Levy. The new program, based on fan feedback and industry leading practices, will feature new menu items and stand designs inspired by the community for ballpark favorites as well as other new specialty concepts, including a rotating feature location for test menus by Levy and through limited-time partnerships with guest chefs and local restaurants. In addition, Marlins Members and their guests located in The Club presented by DEX Imaging will have exclusive access to an interactive chef experience in the expanded and new look club, and an elevated in-seat dining and drink service as part of new industry standard for premium seating.

The evolvement of the food and beverage experience at Marlins Park continued with the addition of El Mercadito presented by Pepsi, a grab-and-go style market offering fans a new purchase experience for ballpark favorite drinks and snacks as well as fresh and healthy options for all Marlins home games, including wraps, salads, fruits, and gluten-free items.

BOBBLEHEAD MUSEUM

The Bobblehead Museum display on the Promenade Level is the first of its kind in baseball and is located in the kids zone in center field. It features a collection of current and former Marlins player bobbleheads, as well as current and past players, managers, broadcasters and mascots throughout Major League Baseball history. This display holds approximately 600 bobbleheads and regularly features new entries. The entire structure moves ever so slightly, which causes the heads to bobble. The interactive and fan-friendly exhibit features an electronic bobblehead locator.

ART IN PUBLIC PLACES AT MARLINS PARK

Marlins Park features art installations throughout the venue that differentiate it dramatically from other ballparks in the country. This effort was part of Miami-Dade County's Art in Public Places initiative. Miami-Dade Art in Public Places serves the community through the implementation of art installations and educational programming dedicated to enriching the public environment and to preserving and enhancing the artistic and civic pride of Miami-Dade County. Miami-Dade Art in Public Places promotes collaboration and creative art projects that improve the visual quality of public spaces. At their most successful, these public art installations can transform public spaces from ordinary civic areas to sites that can lift the spirit and connect with the community. For more information on the art at Marlins Park, please visit www.marlins.com/marlinspark.

TAKE A BEHIND-THE-SCENES TOUR OF MARLINS PARK

The Miami Marlins offer behind-the-scenes tours of Marlins Park. The tours are open to the public on non-event days for just $10 a person, and can be purchased at the New Era Team Store. The tour includes visits to the field (behind home plate), home clubhouse, home batting cage area, The Club presented by DEX Imaging, Promenade Level featuring the art in the facility, the Bobblehead Museum and the premium areas, including Suites. Tours operate only on Monday, Wednesday, Friday and Saturday at 10:00 a.m., 12:00 p.m. and 2:00 p.m., except when the Marlins play at home or when other major events are scheduled at Marlins Park. Group tours, accommodating between 10 and 25 people, are available by appointment only by contacting tours@marlins.com.

THE WEST PLAZA

The West Plaza at Marlins Park is a major change from the character of the old Orange Bowl. The West Plaza connects the community prior to and upon conclusion of Marlins games and Marlins Park events. The West Plaza is unlike any other place in Miami, changing as the roof is rolled over the park below. The West Plaza is the size of three and a half football fields.

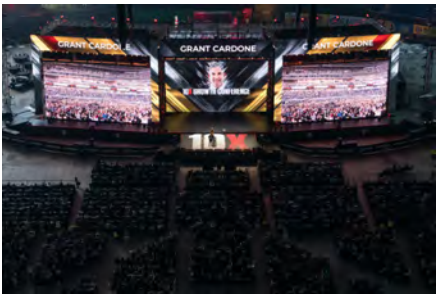
Located on the West Plaza, The 5th Base offers fans a gathering spot for pregame and postgame fun. The hospitality lounge offers a variety of food and beverages at a discounted rate, while escaping the summer heat in the air conditioned space. The 5th Base is also available for private events.

EVENTS AT MARLINS PARK

Marlins Park is home to much more than just baseball. During its brief existence, the ballpark has played host to a variety of diverse events.

From charity walks and concerts to football games and soccer matches, the ballpark hosts myriad of events each year that contribute immensely to the vibrant culture of Miami. On November 13, 2012, the national teams of Venezuela and Nigeria faced off in the first ever soccer match at Marlins Park. In addition, Marlins Park brought football back to the original Orange Bowl site by hosting the Miami Beach Bowl for three years, from 2014-16. The ballpark is set to reunite former Orange Bowl tenants on November 23, 2019 as the football teams from Florida International University and the University of Miami will face off.

Marlins Park's uniqueness and attractiveness have made the venue the host to many sporting events as well as many business and entertainment events. Thus far, the ballpark has hosted baseball games, football games, soccer matches, an international racing event, Stadiumlinks Golf, MonsterJam and more sporting events. DJ Khaled celebrated his son Asahd's second birthday by hosting the party at Marlins Park. The party had a carnival theme and featured a ferris wheel at second base.



Other non-sporting events hosted at the ballpark include 10X Growth Conference, Joel Osteen, La Feria de Las Americas, Grand Slam Party Latino, Tiger Direct Bash, Give Miami Day, Beck's Octoberfest and Miami Beerfest. The South Florida community has also been able to enjoy this unique facility. Bar mitzvahs and weddings have been held at the ballpark, as well as homecoming dances and graduations for local high schools. On October 14, 2017, Marlins Park hosted Somos LIVE!, a benefit concert to support disaster relief for Puerto Rico, South Florida, the Caribbean and Mexico following Hurricane Irma and a devastating earthquake in Mexico.

On February 13, 2015, Major League Baseball awarded the 2017 All-Star Game to the Miami Marlins and Marlins Park, marking the first Midsummer Classic hosted by the city of Miami. The 2017 Midsummer Classic took place on July 11, with the American League defeating the National League, 2-1, in 10 innings.

TRANSPORTATION AND PARKING

Transportation to Marlins Park includes the Civic Center Metrorail Station and Culmer Metrorail station, Tri-rail – Metrorail transfer and the City of Miami Trolley Service. Also, fans can park anywhere along the Miami-Dade Metrorail system, exit at Culmer Station and enjoy the dedicated Express Shuttle to Marlins Park. There is also pedestrian access, bicycle routes, taxi and limousine access, bridge opening regulations to alleviate traffic, civic center parking and group bus parking.

Getting home from Marlins Park is now easier than ever with the official designated Uber Lot, located in parking lot East #1, on 14th Avenue and between NW 4 ST and NW 5 ST. The Uber Lot will be up and running for all events, including concerts. In addition, fans can utilize the Citi Bike® program to get to and from Marlins Park. The Citi Bike program is intended to provide locals and visitors with an additional transportation option for getting around the city in a fun, efficient and convenient manner.

Marlins Park also features four state-of-the-art parking facilities with a capacity of 4,700 vehicles. The parking garages are managed by the City of Miami. The parking garages are located along first base, third base, home plate and center field, which render their names. Garage parking pricing is dynamic. In addition to garage parking, there are 1,000 parking spaces in surface lots to the east and west of the ballpark.

NOTABLE DATES IN BUILDING MARLINS PARK

The Marlins broke ground in July 2009 and after 33 months of construction, the team opened Marlins Park on April 4, 2012 vs. the St. Louis Cardinals. Prior to the 2012 season opener vs. St. Louis, Marlins Park hosted five exhibition games at the ballpark. The first contest took place on Monday, March 5, between local rival high schools, Belen Jesuit Preparatory School and Christopher Columbus High School. Columbus sophomore Brent Diaz made history that night, becoming the first player to hit a home run at Marlins Park. The Marlins then took the field for the first time with exhibition games against the University of Miami on March 6, Florida International University on March 7 and the New York Yankees on April 1-2. Below are a few notable dates in Marlins Park history.

The Marlins are committed to enriching the lives of youth living in South Florida by giving back and making a difference through education, health & wellness, mentorship, and baseball and softball.

YOUTH BASEBALL AND SOFTBALL

The Miami Marlins launched the club's new Youth Baseball and Softball initiative during the past offseason, with the announcement of a major project focused on youth baseball and softball in the community. On November 19, Marlins CEO Derek Jeter, joined by Marlins presidents Chip Bowers and Michael Hill, gathered at Tropical Park along with Mayor Miami-Dade County Carlos A. Gimenez and Miami-Dade County Commisioner Javier Souto to announce a $170,000 donation from the Miami Marlins to Miami-Dade County Parks. The funds will cover the renovations of four baseball fields at Tropical Park, which hosts 1.5 Million visitors annually. The renovation project will include reconditioning the in-field clay, drainage improvements, and re-grading the outfield turf. Marlins alumnus and former Miami little league All-Star Gaby Sanchez was also on hand for the groundbreaking ceremony.

The club also introduced the Marlins Tee Ball Initiative presented by Ultimate Software, a program designed to grow the game of baseball and softball in the South Florida community. The Marlins' new initiative aims to alleviate some of the costs by donating uniforms, hats, and equipment to recreational tee ball programs in Miami-Dade County. These savings lower registration costs, increasing the potential number of children playing. Leagues were presented with a Marlins banner, and teams were provided Marlins-branded batting tees and baseballs.

Each registered player received a Miami Marlins hat, jersey, drawstring bag, complimentary Billy's Bunch Membership, a complimentary ticket voucher to a 2019 Marlins home game, and a Miami Marlins Youth Baseball and Softball Toolkit. The toolkit is a great resource for players, coaches and parents, and features a welcome letter from Marlins outfielder and former South Florida little leaguer Lewis Brinson.

More than 100 teams across 16 youth baseball and softball leagues joined the inaugural season of the Miami Marlins Tee Ball Initiative presented by Ultimate Software. The teams will be invited to Marlins Park on Sunday, April 7 for the inaugural Miami Marlins Tee Ball Initiative Invitational presented by Ultimate Software, where teams will be provided the opportunity to play ball on the field.

Marlins players Lewis Brinson, Pablo López, Miguel Rojas, Peter O'Brien, and Magneuris Sierra were joined by Marlins alumnus Gaby Sanchez in the launch of the new Tee Ball Initiative presented by Ultimate Software by taking over Opening Days across South Florida. The players celebrated the beginning of the youth season by participating in opening ceremonies and ceremonial first pitches at select South Florida youth leagues.

MARLINS RBI

Reviving Baseball in Inner Cities (RBI) is a youth program offering children ages 13-18, who live in disadvantaged areas, the opportunity to participate in organized baseball. This program is designed to promote interest in baseball, academic achievement and social responsibility in under-served areas of South Florida. The Marlins supply the uniforms, umpires and equipment for more than 500 children. All participants enjoy a fun and competitive summer league, clinics hosted by Marlins players and alumni, recognition on the field during RBI Night, and the opportunity to be selected for the RBI All Star team that competes in the Southeast Regional Tournament.

MARLINS JR. RBI

The Marlins have partnered with the City of Miami Parks and Recreation Department and the Miami-Dade County Parks and Recreation to offer the Jr. RBI league. Through the league, children have the opportunity to begin playing in the tee ball division and advance through the Coach Pitch division and into the Kid Pitch division. The league has been funded through the Marlins Foundation. The program allows kids the opportunity to begin playing baseball at a younger age so that they may eventually graduate into the RBI program.

RBI SCHOLARSHIP OPPORTUNITIES

Major League Baseball Charities has awarded college scholarships, each valued at $5,000 per year over four years to high school seniors who participate in RBI. Students receive the grants through the "RBI for RBI" Scholarship Fund, created to provide financial support for select college-bound student-athletes. Six Marlins RBI participants have received the scholarship over the past five years.

To expand opportunities, in 2014 the Miami Marlins launched the Marlins RBI scholarship. The Marlins RBI Scholarship is awarded to two current Marlins RBI League participants. These awards are to support student athletes who will not be receiving a full athletic scholarship, but possess a desire to continue their academic education. The 2018 recipients were Brian Williams, currently attending Massachusetts Institute of Technology and Yanice Abreu, currently attending Nova Southeastern University.

BRUCE SHERMAN

CHAIRMAN & PRINCIPAL OWNER

Bruce Sherman enters his second season as Principal Owner of the Miami Marlins. Mr. Sherman serves as Chairman of the Board, representing the fourth ownership in Club history after receiving unanimous approval from Major League Owners to acquire the team effective October 2, 2017. Mr. Sherman serves on Major League Baseball's Investment Committee.

Mr. Sherman is also currently Chairman and Chief Executive Officer of M4 Capital, having retired from his position as Chief Executive Officer of Private Capital Management ("PCM") in 2009. He launched PCM in 1986 and built it into the largest independent asset manager in the Southeastern United States prior to selling the firm to Legg Mason in 2001. Following the sale, he retained autonomy over PCM's portfolio management and investment research and led the company to a prestigious #1 ranking in the country as measured by Nelson's "World's Best Money Managers" for ten years, ending December 31, 2005.

Mr. Sherman has invested professionally and personally in the South Florida community. Mr. Sherman has two daughters and four grandchildren, and is married to Cynthia Sherman, a retired partner of international law firm Rogers & Wells. Over the past fifteen years, Mr. Sherman has served on the Board of Directors of Artis-Naples, the premier center for the performing and visual arts in Southwest Florida. Mr. and Mrs. Sherman are also Lifetime Trustees for the Naples Children & Education Foundation, supporting underprivileged and at-risk children in Collier County.

Mr. and Mrs. Sherman founded the Bruce and Cynthia Sherman Charitable Foundation, which administers the Sherman Prize to recognize and reward leading individuals who go above and beyond to make exceptional, pioneering contributions and inspire tomorrow's innovators in the fight to overcome Crohn's disease and ulcerative colitis. The Shermans also endow the Bruce and Cynthia Sherman Professorship in Urological Research and Innovation at New York University's School of Medicine.

Mr. Sherman graduated from the University of Rhode Island in 1969 and earned a Master in Business Administration from Bernard Baruch College in 1973.

Marlins Chairman and Principal Owner Bruce Sherman is joined by Marlins CEO Derek Jeter in addressing the media on the first full-squad workout of Spring Training.

DEREK JETER

CHIEF EXECUTIVE OFFICER

Derek Jeter enters his second season as CEO of the Miami Marlins. He is also part of the Miami Marlins' ownership group, the fourth in Club history, achieving unanimous approval by Major League Owners and acquiring the team on October 2, 2017. In his current role, he is the first African-American Owner/CEO in Major League Baseball history. He is also a member of MLB's Competition Committee.

As CEO, Mr. Jeter oversees the organization's day-to-day business and baseball operations. He was the driving force behind the club's rebranding for the 2019 season, implementing a logo and branding marks representative of the rich baseball history, diversity and energy of the South Florida community. Mr. Jeter also oversaw the numerous ballpark enhancement projects completed this past offseason as the organization reimagined the fan experience inside Marlins Park.

In 2014, Mr. Jeter launched The Players' Tribune and serves as the founding publisher. The online venture provides athletes with a platform to connect directly with fans, in their own words, showcasing first-person stories from athletes, and giving fans unique insight into the daily sports conversation while bringing them closer to the game. The publication received the inaugural Sports Breakthrough of the Year award at the 2017 Sports Business Awards and appeared on Fast Company's 2017 Most Innovative Companies list.

During his 20-year career as a Major League Baseball player, he was 14-time All-Star, winning five World Series championships, five Rawlings® Gold Gloves, and five Louisville Slugger® Silver Slugger awards. He compiled the sixth-most hits in Major League history (3,465), while setting club records in hits, games played (2,747), doubles (544), stolen bases (358), at-bats (11,195), singles (2,595) and hit-by-pitches (170). On May 4, 2017, Jeter became the 22nd player in Yankees history to have his number retired.

In the midst of his American League Rookie of the Year season in 1996, Mr. Jeter started the Turn 2 Foundation, designed to create and support signature programs and activities that motivate young people to turn away from drugs and alcohol and 'Turn 2' healthy lifestyles. Since its inception, the Turn 2 Foundation has awarded more than $29 million to create and support its programs. His Jeter's Leaders program is the signature initiative of the Turn 2 Foundation designed to promote healthy lifestyles, academic achievement, and social change activism among high school students. Through this program, Jeter's Leaders have been able to participate in Jeter's Leaders Social Change Project, a week-long event created to make a positive difference in a community outside of their hometown. In addition to the Social Change Project, the Jeter's Leaders Leadership Conference brings high school students together and offers workshops, team-building exercises, and service work in an effort to educate, motivate and entertain students as they complete high school and prepare for college.

Mr. Jeter's community service has been recognized throughout his career. He received the Joan Payson Award for community service in 1997, presented annually by the New York chapter of the Baseball Writers Association of America; was honored with the Sporting News' Good Guy in Sports award in 2002; and was selected as the 2009 Roberto Clemente Award winner – given annually to the Major League Baseball player who combines a dedication to giving back to the community with outstanding skills on the baseball field. During his first season as Marlins CEO, the organization received the Miami Beach Chamber of Commerce Distinguished Award, recognizing extraordinary community involvement that has generated extensive contributions to South Florida.

In addition to his focus on philanthropic efforts, Mr. Jeter established several personal business ventures upon his retirement from Major League Baseball. In 2013, he launched Jeter Publishing under Simon & Schuster, with a focus on adult nonfiction and children's books. Mr. Jeter has authored both adult and children's books.

In celebration of the new brand launch, Marlins CEO Derek Jeter made numerous stops in the Miami community, including La Colada in Little Havana.

MARLINS NOTES

GRIDIRON GANG

Tommy Eveld didn't play baseball during his high school days in Tampa. He opted to play quarterback at Jesuit High School instead, and threw for over 2,000 yards his senior year. He followed his older brother Bobby - also a quarterback and now a Cleveland Indians' farmhand - to the University of South Florida. A knee injury ended his football career before he could play a single game for the Bulls, but his strong arm eventually landed him on the baseball team. He posted a 2.21 ERA and struck out 67 batters in 53.0 innings in 2016, and was drafted in the ninth round of the First-Year Player Draft by Arizona.

MARLINS NOTES

A DIAMOND IN THE ROUGH

Richards went undrafted out of college and pitched in 2015 and '16 for the Gateway Grizzlies - three hours outside of St. Louis - in the independent Frontier League. Marlins' scout David Espinosa was scouting relievers for Evansville and happened to attend a game that Richards started against the Otters. Richards, who worked as a substitute teacher in the offseason and had pledged to go into law enforcement if he didn't sign on with an MLB club by the end of the year, was signed by the Marlins that July. He had a dominant run in the Minors before making his MLB debut in 2018, winning the organization's Pitcher of the Year award in 2017.

2018 IN REVIEW

2018 SEASON NOTES

Marlins fans saw the Major League debuts of 10 Marlins in 2018, which was tied with Kansas City for the ninth-most individual debuts among Major League teams. The Angels and Padres led with 16, while on the opposite end the Indians, Dodgers and Mariners each saw just two players make their first career appearance. The 10 debuts this season tied the 1996 Marlins for the sixth-most in a single season in Franchise history. The 2010 Marlins saw 16 players make their debut, followed by 1998 (14), 2013 (11), 2006 (11), and 2005 (11). Miami called on the services of 24 rookies, which ranks as the second-most rookies used in a single season in Club history. The only Marlins team to use more was the 1998 squad that set a Major League record with 27.

Miami began the season with the third-youngest active roster among all Major League teams, and at season's end had the fourth-youngest roster (not including DL players) with an average age of 27 years, 115 days. The San Diego Padres had the youngest at 26.259, followed by Baltimore (27.011), and Tampa Bay (27.104). - *Stats LLC*

Of the Marlins' 63 wins this season, 25 were recorded by rookie pitchers (39.7 pct.). The 25 wins by rookies were tied with San Diego for second-most in the National League, and fourth in the Majors, behind Tampa Bay (42), the Angels (28), and Atlanta (26). Overall, 10 different rookies earned a win a win in 2018. - *Stats LLC*

The Marlins played with the roof open at Marlins Park a franchise-record 20 times in 2018, posting an 11-9 record when doing so. The previous high for most games with the roof open was in 2013, when the Marlins played under open skies 14 times. Since 2012, the Marlins are 29-41 when playing with the roof open.

Miami faced the seventh-most difficult schedule in 2018, fourth-hardest among National League teams, as determined by the *Elias Sports Bureau*. Miami's opponents played to a .512 winning percentage this season. Baltimore faced the toughest (.528), followed by Texas (.520), Cincinnati (.516), San Diego (.515), the Angels (.513), and San Francisco (.513). Miami played .500-or-better against three 2018 playoff teams: 4-2 vs. Colorado, 4-2 vs. the Dodgers, and 2-2 vs. the Yankees.

Brian Anderson finished his first full Major League campaign leading all qualifying National League rookies in games played (156), at-bats (590), runs (87), hits (161), doubles, (34), multi-hit games (46), average with runners in scoring position (.367), batting average (.273), on-base percentage (.357), and slugging percentage (.400). He ranked second in RBI (65), walks (62), and extra-base hits (49); tied for third in triples (4); and tied for sixth in home runs (11).

Wei-Yin Chen provided one of the best home seasons in Club history in 2018. He ranked second among National League starters (fourth in MLB) with a 1.62 ERA (78.0/14) at home (min. 10 GS). Only Blake Snell (1.27), Jacob deGrom (1.54), and Ryne Stanek finished with lower marks. His home ERA ranked as the fourth-lowest in a single season in Franchise history (min. 10 GS). José Fernández posted a 1.19 ERA in 2013, followed by Josh Johnson (1.57 in 2010), and Henderson Alvarez (1.60 in 2014).

The 2018 Marlins pitching staff combined to strikeout 1,249 batters, the second-highest single-season total in franchise history, behind only the 2016 staff that recorded 1,379. Miami's strikeouts-per-9.0 rate of 7.80 and strikeout percentage of 20.0 marked the second-highest rates in Club history, again trailing the 2016 staff that had marks of 8.65 and 22.4, respectively.

The Marlins starting rotation completed the 2018 campaign by allowing the fewest hits and owning the lowest hits-per-9.0-innings rate in franchise history (not including strike shortened seasons) with marks of 763 and 8.22, respectively. Prior to this season, Marlins starters had allowed fewer than 900 hits just twice; 848 in 2017 and 866 in 2016. Miami's rotation allowed just 1,127 baserunners, the fewest in franchise history, while its baserunners/9.0 of 12.14 ranked sixth. Additionally, starters recorded a strikeout/9.0 rate of 7.67, second to only 2016, while their 20.1 strikeout percentage also ranked second to '16 (21.5).

As a team, Miami committed just 83 errors this season, the fourth-fewest in a single season in Club history, trailing 2017 (73), 2015 (77), and 2003 (78). Marlins fielders posted a .986 fielding percentage, also ranking as the fourth-best in franchise history, behind '17 (.988), '15 (.987), and '03 (.987).

Marlins rookie third baseman **Brian Anderson** hit safely in each of his first seven games to start the season, a streak that was snapped on April 7 at Philadelphia. His streak was one shy of the Franchise record for a season-opening hitting streak by a rookie, behind eight-game runs from Hanley Ramirez (2006) and Alejandro De Aza (2007).

On April 5 at Philadelphia, the Phillies successfully stole three bases against **Bryan Holaday** before he caught César Hernández trying to steal third. Holaday then proceeded to throw out nine consecutive baserunners to mark the longest catcher caught stealing streak in Club history. The previous Club record was seven, done by Benito Santiago in 1994. The nine consecutive baserunners caught stealing were the most since Miguel Montero caught nine-straight in August 2011. - *Stats LLC*

Jarlin García made his debut as a starter on April 11 vs. the Mets, tossing 6.0 scoreless innings without allowing a hit. He went on a record-setting run over his first five starts of the season, combining to allow just nine runs. The nine runs allowed through five starts tied for the third fewest by any Marlins starter, behind Aníbal Sánchez (6) and Michael Tejera (8). He limited opponents to just 10 hits over his four starts this season, marking the fewest hits allowed over a pitchers first four career starts in Marlins history. Over his first four career starts, he limited opponents to a total of two runs. It was the fewest allowed by a Marlins' starter over his first four career starts Became first pitcher in Club history with four-or-fewer hits and one-or-zero runs in each of his first three career starts; first pitcher in MLB to do so since fellow southpaw Eduardo Rodriguez in 2015. Also, the five hits combined over his first three career starts was the lowest total in Club history. - *Elias Sports Bureau*

Miguel Rojas stroked a two-out single off Brandon Morrow in the 17th inning to send home the long-awaited winning run as the Marlins nipped the Cubs, 2-1, on March 30. Prior to that night, the only instance in Major League history of teams playing a game as long as 17 innings in either their first or second game of a season came on April 9, 1969, when the Royals defeated the Twins, 4-3, in 17 innings in what was the second game of the season for each team (and the second in franchise history for the Royals).

On April 13 vs. Pittsburgh, Miami scored its first five runs without the benefit of a run-producing hit (wild pitch, sac fly, error, error, sac bunt). The previous team to score its first five-plus runs in a game without the benefit of a run-scoring hit was the Los Angeles Angels on July 6, 2016 at Tampa (also first five runs in a 7-2 win: walk, fielder's choice, error, sac fly, sac fly). - *Elias Sports Bureau*

The Marlins played a total of 76 innings over their first seven games of the season - including a 17-inning win on March 30 vs. the Cubs, a 10-inning loss on March 31 vs. the Cubs and a 13-inning loss on April 3 vs. Boston. It marked the most innings played by a team over their first seven games since 1982, when the then-California Angels played 83 innings, the Seattle Mariners went 81 innings and Oakland Athletics played 79 frames. Miami's 76 innings played were the most by a National League squad since 1968 when both the Astros and Mets played 78 innings in their first seven games.

From the end of May to the beginning of July, Kyle Barraclough and **Drew Steckenrider** posted career-best scoreless inning streaks, as Barraclough tossed 20.2 scoreless, and Steckenrider hurled 19.2 consecutive scoreless frames. According to the *Elias Sports Bureau*, it was the first time in Club history that two relief pitchers had active scoreless streaks of 14.0-plus innings at the same time.

Miami's bullpen recorded the third-longest consecutive batters retired streak in Club history by retiring 17 consecutive batters to finish out their game against Colorado on June 24, and the first five the following night against Arizona. The streak of 22 consecutive batters retired by the bullpen fell short of two 24-batter runs, one in 2013 and one in 2005. - *Stats LLC*

Sandy Alcantara earned his first Major League win in his first career start on June 29 vs. the Mets, and **Pablo López** followed suit the next day in his Major League debut. The pair became the first set of teammates to earn wins in their first career starts in consecutive days since April 9-10, 2012, when Yu Darvish and Neftali Feliz each made their first career starts with the Rangers. The last National League team to have such a duo was the Reds on April 15-16, 1967 with Gary Nolan and Mel Queen. - *Stats LLC*

On July 7 at Washington, J.T. Realmuto homered in the fourth inning to give him 35 extra-base hits on the season, reaching the mark in each of his first four full Major League seasons. According to *Stats LLC*, Realmuto became just the third catcher ever to accomplish the feat, joining Johnny Bench and Mike Piazza.

According to research by the *Elias Sports Bureau*, **Isaac Galloway**, who had appeared in 947 career Minor League games at the time of his first Major League call-up on July 31, had the most career Minor League games played by a Marlin at the time of his Major League debut since Brian Daubach, who had 965 when he debuted on September 10, 1998.

Austin Dean collected his first Major League hit on August 17 at Washington, a seventh-inning solo home run off Trevor Gott. Dean became the 11th Marlin in franchise history to homer for his first MLB hit, first since John Baker on July 10, 2008 at Dodger Stadium. Dean was recalled from Triple-A New Orleans on August 15 and made his Major League debut that night, starting in left field, becoming the ninth Miami player to make his Major League debut in 2018.

On September 20, the South Florida Chapter of the BBWAA announced its 2018 Marlins award recipients. **Lewis Brinson** was honored with the Charlie Hough Good Guy Award; **Miguel Rojas** was named winner of the Jeff Conine Mr. Marlin Award; **Brian Anderson** took home the José Fernández Rookie of the Year Award; and J.T. Realmuto was named MVP.

José Ureña won each of his five September starts, becoming just the fourth Marlins starting pitcher to record five wins in the month: Pat Rapp (1995), Aníbal Sánchez (2006), and Javier Vázquez (2011) were the others to do so.

On September 21, the Marlins honored their 2018 Minor League award winners in a pregame ceremony; Player of the Year **Austin Dean**, Pitcher of the Year **Nick Neidert**, Student of the Year **Walner Espinal**, and Staff Member of the Year **Bruce Walton**. In addition, the Marlins named Team MVPs for each of their affiliates: New Orleans - RHP **Jeff Brigham**; Jacksonville - INF **Isan Díaz**; Jupiter - RHP **Parker Bugg**; Greensboro - INF **Jose Devers**; Batavia - LHP **Manuel Rodriguez**; GCL - OF **Davis Bradshaw**; and DSL - LHP **Luis Palacios**.

Sandy Alcantara made his second start and appearance of the season for Miami on September 5 vs. Philadelphia, marking his second career Major League starting assignment (appeared in eight games out of the bullpen for St. Louis last year). He improved to 2-0 on the year after tossing 7.0 shutout innings against the Phillies, allowing just three hits and two walks, while striking out a career-high six. In his Marlins debut on June 29 vs. the Mets, he allowed just one run on three hits and five walks over 5.0 innings in an 8-2 win. According to the *Elias Sports Bureau*, he became just the seventh pitcher in Marlins' history to allow up to one run over his first two career starts, the third this season. The others were: Andy Larkin (1996-1998); Tommy Phelps (2003); Alex Sanabia (2012); José Fernández (2013); **Jarlin García** (2018); and **Elieser Hernandez** (2018).

With **Sandy Alcantara**'s 10-strikeout performance in the season's final game at Citi Field, the Marlins received three 10-strikeout games from rookies. **Caleb Smith** tossed the first 10-K game on April 22 vs. Milwaukee, and **Trevor Richards** followed with a 10-strikeout performance on April 25 against the Dodgers. Alcantara, Smith, and Richards became the first rookie trio to record 10-or-more since Luis Castillo, Amir Garrett and Robert Stephenson did so with the Reds in 2017, while becoming the first trio to do so in the same season in Marlins history.

With Miami's shutout win over Cincinnati on Mexican Heritage Day at Marlins Park on September 23, the Marlins improved to 7-1 on heritage celebration days. The only loss came on Colombian Heritage night on July 27, when the Marlins dropped a 9-1 decision to the Nationals.

The Marlins recorded nine walk-off wins in 2018, their most walk-off wins since 2015 (9). The nine walk-off wins were tied for the second-most in Marlins Park history (also 2012), behind 11 in 2014. The Club record for most walk-off wins in a single season is 16, done in 1997.

HISTORY OF SUN LIFE STADIUM

Sun Life Stadium, originally known as Joe Robbie Stadium, was the first of its kind to be constructed entirely with private funds. The late Joe Robbie led the financing campaign to build "Joe Robbie Stadium"(JRS) for the Miami Dolphins of the National Football League (NFL). JRS revolutionized the economics of professional sports when it opened in 1987. Inclusion of a Club Level, along with Executive Suites, helped to finance the construction of the stadium. The original multi-purpose facility had more than 1.5 million square feet, over 24,000 parking spaces, 75,000 seats and a playing field that meets standards for the NFL and World Cup Soccer.

On March 7, 1990, H. Wayne Huizenga, then Chairman of the Board and Chief Executive Officer of Blockbuster Video and Huizenga Holdings Inc., agreed to purchase 50 percent of Joe Robbie Stadium and became the point man in the drive to bring Major League Baseball to South Florida. That effort was rewarded in July of 1991, when South Florida was awarded a National League expansion franchise. To accommodate MLB baseball and the Florida Marlins, the stadium was retrofitted in 1992 to include retractable seating, a baseball press box, baseball dugouts, new lights and a hydraulic disappearing pitcher's mound. On January 24, 1994, Mr. Huizenga acquired the remaining 50 percent of the stadium to give him complete ownership.

In February 2008, Mr. Huizenga sold 50 percent of the Miami Dolphins, stadium and surrounding developable land to Stephen M. Ross of New York and Palm Beach. Mr. Ross, Chairman of the Related Companies, an international real estate development company, became an active partner. In January 2009, Mr. Ross closed on the purchase of an additional 45 percent of the team and stadium.

1997 POSTSEASON NOTES

POSTSEASON FIRSTS: The Florida Marlins played their first franchise postseason game on September 30, 1997, a 2-1 win over the San Francisco Giants in Miami. Kevin Brown threw the first playoff pitch in franchise history, to Darryl Hamilton. Brown collected the first Florida postseason strikeout, fanning J.T. Snow to lead off the second inning. Brown retired the first 14 Giants he faced before allowing the first hit to an opponent, a single to Stan Javier with two outs in the fifth inning. Florida's first postseason batter was Devon White, who faced Kirk Rueter and popped out to second baseman Jeff Kent. The first Marlin to reach base was Gary Sheffield on a two-out first-inning walk. The first Florida hit came off the bat of Bobby Bonilla, following the Sheffield walk. The first run allowed by Florida came in the top of the seventh, when Bill Mueller hit a leadoff homer. The Marlins scored their first run in the bottom of the inning, on a Charles Johnson leadoff homer.

A FIRST FOR EVERYTHING: The Marlins became the first team to qualify for the postseason and win the World Series as a Wild Card. At the time, Florida was the fastest expansion team to win the World Series, done in their fifth season. The Arizona Diamondbacks surpassed Florida's mark, winning their World Series title in 2001, their fourth season.

RECORD WINNING STREAKS: The Marlins were the third team in postseason history to sweep their first playoff series in team history, joining the 1914 Braves, who swept the Philadelphia A's, and the 1969 New York Mets, who swept Atlanta. Florida began its postseason run with four straight wins, only the second team in baseball history with a franchise-opening playoff win streak of four or more games. The Braves won five straight games to open their postseason history, a four-game sweep in the 1914 World Series and a win over Cleveland in the 1948 playoffs.

NATIONAL LEAGUE DIVISION SERIES NOTES

SWEEPING SUCCESS: With their 3-0 sweep over the Giants, the Marlins became the fastest expansion team to win a postseason series (surpassed by Arizona in 2001). Prior to the Marlins, the fastest NL team to win a playoff series was the New York Mets, in their eighth season. The Marlins won each of the three games over the Giants in comeback fashion, including games one and two in their final at-bats. The 1997 Marlins led the Majors with 24 last at-bat victories in the regular season.

NATIONAL LEAGUE CHAMPIONSHIP SERIES NOTES

LIVAN MOST VALUABLE, PART 1: Liván Hernández went 2-0 with a 0.84 ERA in two appearances (one start) in the NLCS vs. Atlanta. He became the first pitcher in LCS history to record a win as both a starter (Game 5) and as a reliever (Game 3) in the same series. In Game 5, Hernández established an NLCS record and tied an LCS record with 15 strikeouts, the second-highest strikeout game in postseason history. His 2-1, three-hit win in Game 5 was his first Major League complete game.

NUMBERS DON'T ALWAYS MATCH UP: The 1997 Marlins became the second team to advance to the World Series, despite posting a lower batting average and higher ERA than their LCS opponent. The Braves outhit the Marlins .253 to .199 and had a 2.60 ERA, compared to Florida's 3.57. The first time it happened was in 1992, when the Braves topped the Pittsburgh Pirates in a series managed by Bobby Cox and Jim Leyland.

WORLD SERIES NOTES

LIVÁN MOST VALUABLE, PART 2: Liván Hernández (2-0, 5.27 ERA) became the second rookie in MLB history to win the World Series MVP award, joining Larry Sherry of Los Angeles-NL, who claimed the honor in 1959. Hernández also became the first rookie pitcher in 50 years to win two World Series starts. The last rookie to do it was the Yankees' Spec Shea in 1947. Hernández became the youngest pitcher to win a World Series opener at the age of 22 years, 7 months and 28 days. He was the first rookie to win a Series game since Atlanta's Mike Stanton on October 23, 1991 (G4 vs. MIN), and first rookie starter to win since Baltimore's Storm Davis on October 15, 1983 (G4 at PHI). Prior to Hernández, the last rookie starter to win a Series opener was Philadelphia's Bob Walk (October 14, 1980 vs. KC).

JIM LEYLAND: Marlins manager Jim Leyland became the first World Series manager not to have played in a Major League game since Boston's John McNamara in 1986. The last National League skipper without Major League playing experience was Philadelphia's Paul Owens in 1983. Leyland became the first manager to win his World Series debut since Cincinnati's Lou Piniella on October 16, 1990, vs. Oakland.

BRRR: In Game Three of the World Series, October 21, the Marlins and Indians played in 15-degree wind chill temperatures, the coldest World Series game ever played, according to records kept.

PLAYING EXTRAS: Game Seven of the World Series, won by Florida, 3-2, on an Edgar Rentería single off Charles Nagy in the bottom of the 11th inning, was the third Game Seven in World Series history to go to extra innings. The others were played in 1924 and 1991.

NOTABLE ACCOMPLISHMENTS: Jeff Conine became the first player to go from the expansion draft to the World Series with the same team. Conine was selected from Kansas City with the 22nd pick in the 1992 expansion draft. Conine and Alex Arias are the first players to play for a team in its inaugural season and reach the Fall Classic since the Mets' Ed Kranepool in 1969.

A WINNING DEBUT: The Marlins won their first-ever World Series game on October 18, 7-4, over Cleveland at home. The prior team to win their first-ever World Series game was Toronto in 1992.

ALTERNATING WINS: The Marlins won World Series games one, three, five and seven, while the Indians took games two, four and six. It marked the third time in World Series history that teams alternated victories in all seven games, joining the 1909 Fall Classic between the Pirates and Tigers, and the Yankees and Giants in 1962.

A HEART-STOPPER: Game Seven of the World Series marked the fourth time in World Series history that a winner-take-all game in the Fall Classic went into extra innings, along with the 1991 Series (MIN vs. ATL), the 1924 Series (WAS vs. NYG) and the 1912 Series (BOS vs. NYG). Overall, it marked the seventh time that a deciding World Series game went to extra innings, along with the 1933, 1939 and 1996 games. The 1997 Series was the 10th time a Fall Classic was won by the home team in the bottom of the ninth inning or later (with 1912, 1924, 1927, 1929, 1935, 1953, 1960, 1991 and 1993) and the fifth time in a winner-take-all situation.

Pre-game festivities wrap up prior to Game 1 of the World Series between the host Marlins and Cleveland Indians on October 18, 1997.

2003 POSTSEASON NOTES

The Marlins entered the 2003 postseason as the National League's Wild Card entry, the fourth team in Major League Baseball history to enter the playoffs as the Wild Card multiple times. The Marlins (also Wild Card in 1997), joined the New York Mets (1999 and 2000), the New York Yankees (1995 and 1997) and the Boston Red Sox (1998, 1999 and 2003). Florida is one of three Major League Baseball expansion teams to make the postseason at least twice in their first 11 seasons. Kansas City came into play in 1969 and made the postseason in 1976, 1977 and 1978. Arizona began play in 1998, and saw postseason action in 1999, 2001 and 2002. The Marlins are one of six teams to advance to the World Series as a Wild Card team and one of four (with the Angels, Red Sox and Giants) to win it.

SIX STRAIGHT: The Marlins concluded the World Series with wins in each of their six playoff series to open the Club's franchise history. The six straight playoff series wins surpasses the mark of consecutive postseason series wins to begin a team's playoff history, done by the Boston Red Sox from 1903-1918. Of the 29 Major League franchises who have participated in postseason play, the Marlins are the only ones never to lose a series.

A WILD POSTSEASON: During the 2003 postseason, the Marlins posted three extra-inning victories, notched three wins when trailing by three or more runs and collected four wins in their final at-bats. According to Jayson Stark on ESPN.com, the Marlins are the fourth team in postseason history with three extra-inning wins and are the fourth team to win three games when trailing by three or more runs. Additionally, no postseason team had ever won more than four games in their last at-bat.

RECORD-SETTING CROWDS: The NLCS Game 4 crowd of 65,829 against the Cubs on October 12 set a new LCS attendance record, surpassing the previous mark of 65,476 (HOU @ PHI on 10/8/80). The Marlins also set a DS attendance record, drawing 65,464 in Game 4 vs. San Francisco (October 4). The October 23 World Series crowd of 65,975 was the largest World Series crowd since Game 7 of the 1997 Series when the Marlins drew 67,204 to see Florida host the Cleveland Indians.

NATIONAL LEAGUE DIVISION SERIES NOTES

A SERIES FOR THE AGES: The NL Division Series between the Marlins and Giants featured 72-year-old Jack McKeon and 68-year-old Felipe Alou. McKeon was the oldest manager to participate in postseason play in Major League Baseball history, while Felipe Alou was the fourth-oldest. Below is a look at the list:

JACK McKEON	2003 FLORIDA	72 YEARS OLD
Casey Stengel	1960 New York (AL)	70 years old
Davey Johnson	2012 Washington	69 years old
Connie Mack	1937 Philadelphia (AL)	68 years old
Tommy Lasorda	1995 Los Angeles (NL)	68 years old
Felipe Alou	2003 San Francisco	68 years old
Jim Leyland	2013 Detroit	68 years old

The two opposing skippers in this NLDS, McKeon and Alou, had a combined age of 140 years, the highest combined age of any two managers facing each other in postseason history. Below is a look:

COMB. AGE	YEAR	TEAMS	MANAGER
140	2003	FLA-SF (DS)	McKeon / Alou
128	1958	NYY-ATL (WS)	Stengel / Haney
126	1957	ATL-NYY (WS)	Haney / Stengel
123	1949	BRO-NYY (WS)	Shotton / Stengel
119	2013	DET-BOS (CS)	Leyland / Farrell
118	1953	BRO-NYY (WS)	Dressen / Stengel

WHAT WAYS TO WIN IT: The Marlins closed out their series with the Giants in rather historic ways. On Friday, October 3, the Marlins downed the Giants, 4-3 in 11 innings. The Giants scored an unearned run in the top of the 11th and the Marlins countered with two unearned tallies in the bottom. It marked the first time since Game 8 of the 1912 World Series that a team came from behind to win a postseason game with two unearned runs in the bottom of an extra inning, according to the *Elias Sports Bureau.*

The Marlins followed that classic ending with more excitement on Saturday afternoon, October 4, when the Fish ended the NLDS with a 7-6 win over the Giants. The game ended as Jeff Conine threw out J.T. Snow at home plate on a Jeffrey Hammonds single to left. According to the *Elias Sports Bureau,* the event marked the first time in Major League Baseball postseason history that a series ended with the tying run being thrown out at home plate.

CABRERA MATCHES POSTSEASON MARK: Miguel Cabrera went 4x5 in Game 4 of the National League Division Series vs. San Francisco. The four hits tied a Major League postseason record for hits by a rookie, joining NYY's Derek Jeter (1996 ALCS G1), LAD's Chad Fonville (1995 NLDS G2), NYG's Freddie Lindstrom (1924 WS G5) and STL Browns' Joe Garagiola (1946 WS G4).

Cabrera had four home runs and 12 RBI in the 2003 postseason, the best single-season rookie home run and RBI marks in MLB playoff history. Entering this postseason, Willie McGee (1982 STL) held the rookie RBI mark at 10. Hideki Matsui had 11 RBI in the 2003 playoffs, one behind Cabrera.

OH THOSE LEFT ON BASE: The Marlins and Giants combined to leave 30 men on base on October 3, setting a new NLDS record. The previous mark was 26, done by the Giants (16) and Mets (10) in a 13-inning contest on October 7, 2000.

NATIONAL LEAGUE CHAMPIONSHIP SERIES

PINCH ME: Mike Lowell became the sixth player in MLB post-season history to hit a pinch-hit home run in extra innings when he homered in the top of the 11th inning on October 7 at Chicago. Below is a look at the all-time postseason extra-inning PH homer list:

MIKE LOWELL (FLA).....G1 2003 NLCS at CHC
Trot Nixon (BOS).....G3 2003 ALDS vs. Oak
Mike Pagliarulo (MIN).....G3 1991 ALCS at TOR
George Vukovich (PHI).....G4 1981 NLDS vs. MON
John Lowenstein (BAL).....G1 1979 ALCS vs. CAL
Dusty Rhodes (SF).....G1 1954 WS vs. CLE

HOMERS SHALL FLY: The Marlins hit a team postseason-high four home runs on October 7 at Chicago. Three of the homers (by Rodriguez, Encarnacion and Cabrera) came in the third inning, marking the first time in NLCS history that a team homered three times in an inning. Cabrera's and Encarnación's homers were back-to-back, the seventh time in NLCS history that a team had players hit back-to-back homers.

A RECORD-SETTING NIGHT: The 17 extra-base hits by the Marlins and Cubs on October 7 set a new LCS record, surpassing the previous mark of 12, done on October 5, 1975 (OAK and BOS) and October 9, 1993 (PHI and ATL). The seven HR by both teams also set a new LCS record.

CABRERA AMONG THE YOUNGEST: On October 7 at Chicago, Miguel Cabrera became the second-youngest player to homer in the postseason, at 20 years, 182 days. The youngest player to go deep in the playoffs was Atlanta's Andruw Jones (19.178) on 10/17/96 vs. STL.

DONTRELLE WITH THE BAT: Dontrelle Willis became the first Marlins pitcher to collect a multi-hit game in postseason play as he went 3x3 on October 4 vs. SF. Willis' three hits set a postseason rookie pitcher record. He was the first pitcher to post a three-hit postseason game since LA's Orel Hershiser did it in Game Two of the 1988 World Series vs. Oakland.

BECKETT'S BEST: The Marlins forced a Game 6 in the NLCS as RHP Josh Beckett threw the first complete game (CG SHO) of his career (regular and postseason) on October 12. The two-hit shutout by Beckett tied the NLCS record for fewest hits allowed in a complete game, joining CIN's Ross Grimley (10/10/72), NY's Jon Matlack (10/7/73) and SF's Dave Dravecky (10/7/87). Beckett's effort was the 15th complete game shutout in NLCS history. Beckett became the first pitcher to shut out the Cubs in a postseason game since Boston's Babe Ruth, who blanked the Cubs in Game 1 of the 1918 World Series.

IN SELECT COMPANY: According to research by ESPN, Josh Beckett became the third pitcher in postseason history to throw a complete game shutout, allowing two hits or less and fanning 10 or more. Beckett joins Roger Clemens (2000 ALCS vs. SEA, 15 K) and Big Ed Walsh (1906 WS vs. CHC, 12 K) on that list.

2003 POSTSEASON NOTES

IN AN ELIMINATION GAME: According to Jayson Stark of ESPN.com, Beckett became the fourth pitcher in the last 40 years to pitch a CG SHO with his team facing elimination (excluding G7's in LCS or WS or G5's in DS). Beckett joined the list with Curt Schilling (1993 WS), Danny Jackson (1985 ALCS) and Joe Coleman (1972 ALCS).

BIG INNING: The Marlins scored all eight of their runs in the eighth inning on October 14 at Chicago in an 8-3 win. The eight-run inning established a Marlins playoff record, surpassing their previous best of seven, done in the ninth inning of Game 3 of the 1997 World Series (October 21). The eight-run inning also tied an overall Marlins' record for runs scored in an inning, done for the ninth time overall and the first time since July 25, 2003 vs. PHI. The Fish were one run from tying the all-time NLCS record (nine), done by St. Louis in the second inning on October 13, 1985 vs. LA.

According to ESPN, the Marlins became the fifth team in LCS history to come back from a three-run or greater deficit in postseason play to win when facing elimination, and the first since Game 5 of the 1986 ALCS (Game 5 - Boston at California).

BACK FROM 3-1: The Marlins became the fourth team in LCS history (since 1985) to overcome a 3-1 deficit to capture the pennant. Prior to Florida's accomplishment, only one NL team had done it, the 1996 Atlanta Braves, who won three straight over St. Louis to advance to the World Series. Below is a look at the list of 3-1 LCS comebacks:

YEAR	LCS COMEBACKS	WORLD SERIES RESULT
1985	KC over Toronto	KC over STL (4-3)
1986	Boston over California	NYM over BOS (4-3)
1996	Atlanta over St. Louis	NYY over ATL (4-2)
2003	Florida over Chicago	FLA over NYY (4-2)
2007	Boston over Cleveland	BOS over COL (4-0)

AN MVP PERFORMANCE: Marlins' catcher Pudge Rodríguez was named the NLCS Most Valuable Player, as he hit .321 (9x28) with two home runs and 10 RBI. The 10 RBI set a new NLCS record, surpassing the previous mark of nine, done by San Francisco's Matt Williams in 1989. Rodríguez became the fifth catcher in NLCS history to win MVP honors. Pudge joins STL's Darrell Porter (1982), ATL's Javy Lopez (1996), ATL's Eddie Pérez (1999) and SF's Benito Santiago (2002).

A TOUGH TRICK TURNED: The Marlins advanced to the World Series by winning consecutive road games trailing three games to one, a feat done for the fifth time in postseason history: 1958 (NYY over MIL Braves in WS), 1968 (DET over STL in WS), 1979 (PIT over BAL in WS), 1985 (KC over TOR in ALCS) and 2003 (FLA over CHC in NLCS).

WORLD SERIES

The Marlins became the first team in MLB history to reach the World Series as a Wild Card entry twice.

OF HISTORIC SIGNIFICANCE: The Marlins became the third expansion team to win multiple World Series, joining the New York Mets and Toronto Blue Jays. The Jays won their two World Championships in their first 17 seasons, while the Mets did it in their first 25 campaigns. The Marlins won two World Championships in their first 11 Major League seasons. The Marlins would become the first team in the post-expansion era to accomplish the feat.

JACK McKEON: Marlins' manager Jack McKeon became the second manager in Major League Baseball history to lead his team to a World Series championship after taking over his Club during the season. The first manager to accomplish the feat was the Yankees' Bob Lemon in 1978, when he replaced Billy Martin.

EXPANSION NOTABLES: The Marlins were one of five expansion teams to reach the World Series multiple times. The New York Mets lead the list with five Fall Classic entries (win in 1969, loss in 1973, win in 1986, loss in 2000, and loss in 2015). The Kansas City Royals have the second-most with four (loss in 1980, win in 1985, loss in 2014, and win in 2015), while the Marlins, San Diego Padres (loss in 1984 and loss in 1998), and Toronto Blue Jays (win in 1992, win in 1993) have each made two World Series appearances.

AGE IS A STATE OF MIND: Marlins' manager Jack McKeon became the oldest skipper to lead his team to the World Series, as the Series opened with McKeon 72 years and 329 days old. McKeon is ahead of Casey Stengel (70.067 in 1960 with NYY), Connie Mack (68.283 in 1931 with PHA), Stengel (68.063 in 1958 with NYY), Mack (67.283 in 1930 with PHA) and Stengel (67.064 in 1957 with NYY).

McKeon was the first manager since Philadelphia's Paul Owens (in 1983) to lead his team to the World Series after not beginning the season as that Club's skipper.

HOW DO YOU DO, MR. GONZÁLEZ: Alex González hit a walk-off homer off the Yankees' Jeff Weaver in the bottom of the 12th inning on October 22. It marked the first walk-off homer in Marlins postseason history and holds significance in baseball history. It marked the 13th time that a World Series game ended on a home run and the first time since October 31, 2001 (G4 vs. ARI), when Derek Jeter homered in the bottom of the 10th inning.

According to research done by ESPN, González was the third player in baseball history to have his first career postseason homer come as a World Series walk off, joining Dusty Rhodes (1954 NYG vs. CLE) and Eddie Mathews (1957 MIL Braves vs. NYY). ESPN also noted that González was the third player to hit a walk-off homer against the Yankees in World Series play, joining Bill Mazeroski (1960 G7, with PIT) and Mathews (1957 G4, with MIL).

A PENNY FOR YOUR THOUGHTS: RHP Brad Penny went 2-0 with a 2.19 ERA in two World Series starts against the Yankees. Penny became the 13th pitcher to beat the Yankees twice in the same Series, joining Sandy Koufax, Bob Gibson and Randy Johnson as the only four to do so in the last 40 years.

BECKETT NAMED WORLD SERIES MVP: Josh Beckett (1-1, 1.10 ERA in WS) became the youngest World Series MVP since 22-year-old Liván Hernández claimed the honor for the Marlins in 1997. Beckett became the first pitcher since Minnesota's Jack Morris in 1991 to pitch a complete game shutout in a deciding World Series game, the 19th overall in baseball history. It was the first complete game shutout in a World Series game since Arizona's Randy Johnson on October 28, 2001 at New York. Beckett's five hits were the fewest hits in a deciding complete game shutout since Baltimore's Scott McGregor (5) in 1983. He became the youngest pitcher to win a deciding World Series game (23 years, 5 months, 10 days) since Kansas City's Bret Saberhagen (21.6.16) in 1985. Beckett fanned 47 batters in the 2003 postseason, tying Randy Johnson (2001) for second-most strikeouts in a single postseason behind Arizona's Curt Schilling in 2001 (56).

HOW TO FIGURE...

BATTING AVERAGE (AVG.): Divide the number of hits by the number of at bats.

EARNED RUN AVERAGE (ERA): Multiply the number of earned runs by nine and then divide that number by the number of innings pitched.

FIELDING AVERAGE (PCT.): Divide the total putouts and assists by the total of putouts, assists and errors.

MAGIC NUMBERS: Determine the number of games yet to be played, add one, then subtract the number of games ahead in the loss column of the standings from the closest opponent.

ON-BASE PERCENTAGE (OBP.): Add the total of hits, walks, hit by pitches and divide by the total of at-bats, walks, hit-by-pitches and sacrifice flies.

SLUGGING AVERAGE (SLG.): Divide the total bases of all safe hits by the total times at-bat (at-bats do not include walks, sacrifices, hit-by-pitch, or times awarded first base because of interference or obstruction).

WINNING PERCENTAGE: Divide the number of games won by the total games won and lost.

QUALIFICATIONS FOR BATTING CHAMPIONSHIP: Highest batting average based on a minimum of 502 plate appearances, the equivalent of 3.1 appearances for each of the 162 scheduled games, which may include walks, sacrifices, hit by pitch, etc.

QUALIFICATIONS FOR PITCHING (ERA) CHAMPIONSHIP: Lowest earned run average with a minimum of 162 innings pitched.

QUALIFICATIONS FOR A FIELDING CHAMPIONSHIP: The fielders with the highest fielding average at each position, provided:

(1) A catcher participates as a catcher in at least one-half the number of games scheduled for each club in his league that season.

(2) An infielder or outfielder must have participated at his position in at least two-thirds of the number of games scheduled for each club in his league that season.

(3) A pitcher must have pitched at least as many innings as the number of games scheduled for each Club in his league that season. EXCEPTION: if another pitcher has a fielding average as high or higher, and has handled more total chances in a lesser number of innings, he shall be the fielding champion.

NOTE: These figures DO NOT determine Rawlings Gold Glove winners at the end of the season. Those are selected by a vote of managers and coaches.

QUALIFICATIONS FOR A ROOKIE: A player with no more than 130 at-bats or 50.0 innings pitched in the Major Leagues during the previous season or seasons, nor more than 45 days on a Major League roster during the 25-man player limit (excluding time in military service).

PINCH HITTING: A player shall be considered a pinch-hitter only if he enters the game as a substitute batter and then only on his first time at-bat, which must be before he becomes a fielder. If the team bats around in the inning and a pinch-hitter comes up a second time, he will not be considered a pinch-hitter the second time.

CONSECUTIVE HITTING STREAKS: A consecutive hitting streak shall not be terminated if the plate appearance results in a base on balls, hit batsman, defensive interference or a sacrifice bunt. A sacrifice fly shall terminate the streak.

CONSECUTIVE-GAME HITTING STREAKS: A consecutive-game hitting streak shall not be terminated if all the player's plate appearances (one or more) result in a base on balls, hit batsman, defensive interference or a sacrifice bunt. The streak shall terminate if the player has a sacrifice fly and no hit. The player's individual consecutive-game hitting streak shall be determined by the consecutive games in which the player appears and is not determined by his club's games.

CONSECUTIVE-GAME PLAYING STREAK: A consecutive-game playing streak shall be extended if the player plays one-half inning on defense, or if he completes a time at-bat by reaching base or being put out. A pinch-running appearance only shall not extend the streak. If a player is ejected from a game by an umpire before he can comply with the requirements of this rule, his streak shall continue.

ITEMS OF INTEREST

BLOWN SAVE DEFINITION: When a relief pitcher enters a game in a save situation and departs with the save situation no longer in effect because he has given up the lead, he is charged with a blown save. If the save opportunity still exists when he leaves the game, he is not charged with a save opportunity. If the pitcher has not given up the lead when he leaves the game, though the save opportunity may no longer exist, he is not charged with a save opportunity. This method has been a part of the Rolaids formula since 1988.

INJURED LISTS:

10-Day: The player must remain off the active roster for a minimum of 10 calendar days, starting on the day following the player's last game.

60-Day: Same rules apply, however, this may only be used when the team's 40-man roster is full. Any player placed on the 60-day injured list after August 1 may not play for the remainder of the season, including any postseason game.

EMERGENCY**:** Maximum number of players on list at one time- no limit. Minimum period of inactivity is 60 calendar days. Players placed on this list after August 1 shall remain there for the balance of the season. This list may only be used when a Club is at the maximum limit of 40 players.

FREE AGENCY (RE-ENTRY): The 1985 collective bargaining agreement brought about changes in the free agency process. Following is the appropriate information:

--Six years of Major League Service continues to be required to be eligible for free agency.

--The Re-Entry Draft has been abolished.

--A player has 15 days from the first day following the World Series to file for free agency.

--By December 1, former Club must offer to arbitrate or become eligible to sign player. By December 7, player must accept or reject the offer. Should the Club fail to tender or renew the contract, the player shall become a free agent without any restrictions or qualifications. The player will be eligible to sign with all Clubs including the Club which did not offer arbitration.

--If Club and player proceed to arbitration, maximum salary cut rules do not apply.

--Player who accepts former Club's offer to arbitrate is not subject to repeater rights limitations.

NIGHT GAME: A night game shall be any game with the official starting times fixed after 5 p.m. All games, with official starting times fixed for 5 p.m., prevailing time, or earlier, shall be "day games."

PLAYER LIMITS: A Major League roster consists of 40 players until Opening Day, when the number must be reduced to 25 until September 1, when it again becomes 40.

The complex is located on approximately 110 acres within the Abacoa Community. Abacoa is located on Donald Ross Road, approximately 1/4 mile east of Interstate 95.
